

All for the Better: A Story of El Barrio

Introduction - Some people live to make a difference. However they find the world around them, they try to make it better. For them, nothing is so perfect it cant be improved, and no problem is so difficult it cant be faced. This is the story of a young girl who in a small way made a difference to many people in her community. She had no special gift beyond caring, but you will see how, much you can do when you care enough to make a difference.
