

# God, Immortality and Dantes Divine Comedy - A Search for the Meaning of Life

God, Immortality and The Divine Comedy explores the predicate beliefs that underlie the assumption that life is a meaningful experience: God, Immortality, Free Will and Divine Justice. It sets forth rational arguments for these beliefs, and urges readers to formulate their own beliefs based on their own experiences and learning. ----- It then reviews the Comedy chapter by chapter in a demythologized form more amenable to contemporary readers.
