

Warehouse and Laydown 101: A Simple Guide for Designing, Planning and Organisation

Warehouse and Laydown 101 - A Simple Guide for Designing, Planning and Organisation Seth Browns Latest on Warehousing is here! If you want to make a career in warehousing and laydowns, this is where to start. Following on from the successful short book WTF-(Whats the Fact) The Simple Guide to Warehouse Management, Brown produces a comprehensive, easily understood guide to designing, planning, implementing and maintaining a fully-functioning warehouse facility. This is for everyone wanting to make a change or take the next step in their career. Loads of Information without the Blah, Blah, Blah! A simple step-step-guide to get you started in creating your own warehouse operation and making it the best it can be. Flexible and Dynamic The guide that gives you what you need, but still allows you to make your own decisions about the direction your operation should take. Practical advice which still allows you to be in control. Its all about learning more and improving your working and personal life. Tips and Suggestions from a Warehouse Veteran Seths been doing this for over 30 years and shares his knowledge and experience with you every step of the way. Grab a copy now and make a change for the better!
