

Beyond All Religion

Beyond All Religion reveals audaciously how all the major religions were created upon a bedrock of lies. Christianity: Two Popes admitted that Christ was a fable (Pope Leo X, and Pope Paul III). Moses was based upon the life and legends of Sargon the Great, King of Akkad. Moses never existed, and there is no evidence in Egypt of 600,000 men, women, and children leaving to escape Pharaoh. Mormonism: The founder, Joseph Smith, was convicted of being an impostor, a fraud in 1826. In 1827 he produced the Book of Mormon. Islam: You decide: is the Quran the exact words of Allah given to the Angel Gabriel who dictated them to Muhammad? Included are religious cover-ups such as the invention of Christianity for political purposes in and around 325 CE, ordered by Emperor Constantine, accomplished by his friend Eusebius (Bishop of Caesarea in Palestine, described as "the first thoroughly dishonest historian of antiquity.") The myth of Mithras was used as the model for the fable of Christ (Mithras, Krishna, Osiris, Attis of Phygia, Dionysus, all were born on December 25th from a virgin mother, died and were resurrected, except for Mithras, who ascended directly without dying!). Outrageous forgeries and fraud are exposed. After 325 A.D., destruction of previous conflicting documents and edifices followed, including the destruction of the Great Library of Alexandria.
