Amongst the topics that he focused on is our master and leader, Imam Al-Mahdi, may Allah hasten his reappearance. He gave a number of speeches throughout his life which addressed many angles pertaining to Imam Al-Mahdi. We deemed it beneficial to gather some of these lectures, which were delivered in Arabic, and translate them into English. We have presented here the translation of five of his lectures on Imam Al-Mahdi. The first lecture is entitled "Significance of Believing in Imam Al-Mahdi." In the first part of this captivating lecture, Ayatollah Sayed Mohammad Redha Al-Shirazi goes through three factors which demonstrate the great importance of believing in the awaited savior Imam Al-Mahdi. In the second part, he shares several ways by which we can show our concern for Imam Al-Mahdi. Then he concludes by giving us a glimpse of the blessings that lie in believing in the Imam. The second lecture is entitled "The Savior: Hope for Humanity." In the first part of this captivating lecture, the author goes through the three stages of Mahdawiyya—the concept of believing in the savior. The first stage is shared by all divine religions, while the second stage is held by Muslims, and the third stage is reserved to the Shia only. In the second part, he addresses the benefits of being blessed by the awaited savior Imam Al-Mahdi. The third lecture is entitled "Imam Al-Mahdi's Occultation." In the first part of this captivating lecture, the author illustrates how the hidden awaited

savior represents one of the dimensions of God. Then he gives an account of several prophets of God who also had an occultation (absence) sometime in their lives. In the second part, he makes a few observations regarding the occultation of the awaited savior Imam Al-Mahdi. He explains although the Imam is hidden, nonetheless he carries out important roles in this world. The fourth lecture is entitled "The Role of Imam Al-Mahdi." In the first part of this captivating lecture, the author offers a theological perspective on the different roles at play in this world. Then he focuses on the role of the awaited savior Imam Al-Mahdi. In the second part, he shares practical steps one can take to become closer to Imam Al-Mahdi and how to benefit from his existence. These steps consist of realizing one's weaknesses, recognizing the greatness of the Imam, and developing one's spiritual capacity by thoroughly purifying one's self. The fifth lecture is entitled "The Era of Reappearance." In the first part of this captivating lecture, the author gives us a glimpse of the "Era of Reappearance" the utopian era humanity is awaiting. He addresses the religious, economic and scientific states that will take place in Imam Al-Mahdi's government. In the second part, he expresses the importance of preparing for the Imam's reappearance, coupled with several examples he draws from Islamic narrations. We ask the Almighty God to elevate his status and multiply his deeds, and may Allah gather him with Prophet Muhammad, peace be upon him and his family, and Ahlul-Bayt, peace be upon them.
