

Billionaire Romance Series: The Billionaires Game (Billionaire, Contemporary, Short Story)

From Amazon Bestselling author, Lexi Duval, comes a brand new billionaire romance series, The Billionaires Game. If you love alpha males and strong women, you'll love Lexis books! Sage Dalton is bored of his life. He's got billions of dollars, legions of admirers, the sort of life that any man would dream of. But it's not enough, not for a man like Sage. He's fed up of the endless board meetings, the sea of sycophants around him, the mindless stream of charity galas and celebrity parties. He's sick of it all. So he plays games. Games involving people. Games involving women. And in those games, there are prizes to be won. Prizes that change people's lives... Rachel Daley is happy in her life. It's going to plan, for the most part at least. She's got a solid relationship, a good job, and lots of friends and family. But...something's missing, an itch inside her that needs to be scratched. A desire for adventure that is constantly calling for attention. One day, her seemingly idyllic life turns on its head. But it's not a bad thing, not for Rachel. Because now, adventure awaits. And little does she know where it's going to lead... The Billionaires Game tells the story of Sage and Rachel, two restless souls brought together under unusual circumstances. Readers should be 18+ for sex scenes and swearing!
