

Cuba Lost and Found

From 1990 to 2000, the Hispanic population increased nearly 60 percent and is one of the nations largest minority group. In 1962, eleven-year-old Edward Neyra left his homeland of Cuba as part of a secret operation that relocated 14,000 children to the United States before the Cuban Missile Crisis. In *Cuba: Lost and Found*, he tells the dramatic story of his life before the Revolution, from his carefree early years in the city of Cardenas and Varado Beach through his struggles to find a place in his new country, to his hard-won achievement of the American Dream. This engaging Horatio Alger story limns a life well lived.
