As tax season approaches each year, thousands of family child care providers save time and money using the Family Child Care Tax Workbook and Organizer. The most comprehensive resource available, this book contains up-to-date guidance so you can accurately complete your own tax return and take advantage of all the business deductions that you're entitled to claim. It contains information about new tax laws, tips to help you save money, and tools that will take the guesswork out of doing your taxes. The Family Child Care 2013 Tax Workbook and Organizer provides updates on retirement plan limits and Saver's Credit limits, highlights from recent Tax Court cases regarding the Time-Space percentage, and information to help you understand how the new IRS Safe Harbor Rule option and the U.S. Supreme Court's decision to grant rights to same-sex couples might affect your tax return. Correctly depreciate the contents of your home, estimate food expenses, and deduct donations. Understand the meaning of and respond to a lettered flag on your return. Track hours worked away from your home and when children aren't present. Participate in Tom Copeland's webinars in 2014.
