On this planet where we live, week diary 2003-04 is a must-read if you like reading diary. In the book the Danish author and gender debater Bertill Nordahl writes about his life as it unfolds between Copenhagen in Denmark and Skoghult in Sweden. These are notes from daily life, the small and big politics, memories from childhood and adolescence, reflections on literature, painting, film, and music and writing and lecturing. Just as there are reflections on the gender debate in society - and living life after fifty. Visit Bertill Nordahls website: www.bertillnordahl.com.
