

The Mind Of A Jerk: The Diary Of A Single Man

Its not just a great short story, but its a guide to understanding the men most women deal with on a regular basis. For centuries women have wanted to know what goes on inside of a mans mind. This book gives you a clear understanding of what a large number of men think about women. Most women have been lied to and cheated on. Now you will be able to see the exact mindset behind the actions. The main character, Marcus Little, lives a life of using women for his own personal pleasure. But later finds out that every dog has its day.
