

Bound by the Night: Dark Heat//Dark Dreams//Dark Fantasy (Harlequin Nocturne)

Things that go bump in the night, from the inexplicable to the irresistible! New York Times bestselling author Megan Hart captivates readers with this gripping collection of novellas. Monica Blackship hunts down creatures that shouldn't exist. Stephanie Adams has the power to shape nocturnal visions. And if it's weird, Jase Davis is on it. They're all members of the Crew, an international consortium devoted to explaining the unexplainable. In this enthralling trilogy, these intrepid investigators face a daunting array of paranormal dangers, from deadly cryptids to dream thieves. They're ready for ghosts, monsters and other strange phenomena. But is their greatest challenge distinguishing reality from fantasy, or separating work from pleasure?
