

The Flute of God

Now this book can show you the truth about yourself as Soul: We can look forward to a greater life than merely reliving former experiences, by becoming a conscious Soul handling the environment, body, life, spirit, or whatever you might call the ECK power, and participating in events of our own creation. Then life becomes the pleasure it should be and could have always been. (chapter 1) Discover the secret of imagination, the divine faculty of Soul which you can use to transform your life. Learn the seven fundamental spiritual laws which allow you to create your future in harmony with the universal Spirit, for the highest good of all concerned. If you want to master your destiny and become a conscious Co-worker with God, this book can show you how to do it - by listening to the guidance of Divine Spirit. Eckankar is ancient wisdom for today. Its teachings, which resurfaced in 1965, emphasize the value of personal experiences as the most natural way back to God. Whatever your religious background, they show how to look and listen within yourself - to expand your consciousness and enjoy spiritual freedom. See for yourself - perhaps for the first time - how to lead a happy, balanced, and productive life. And put daily concerns into loving perspective.
