

Lessons at the Halfway Point: Wisdom for Midlife

[Audio CD Library Edition in vinyl case] [Read by the author, Michael Levine] At age 40, people are basically at the halfway point in their lives. Lessons at the Halfway Point is a deeply thought-provoking look at one mans courageous journey to understanding life from the perspective of having just turned forty. It is both a wry reflection on the past as well as an optimistic look to a challenging future. Nothing escapes Michael Levines critical eye, insightful mind, and often humorous spin on our world and ourselves.
