Some testimonials Quinta R2:42 PM (9

hours ago) to me Hello Hans, I recently ordered your p4 ATM and I didnt get a chance to study the system until Sunday afternoon. I was amazed how well it worked when I back tested just a few numbers. So I played in Oregon Sunday night and won \$750.00!! This is the second time your system has brought me a winner! A short story about myself: I started being interested in the daily 4 here in MI around 2007 or 08. I just wanted to use simple math to win at least box nothing big. However, my simple math created str8 90% of the time. The flip side is it was too many sets and too long for the winner to come costing Too much Money! But the excitement of figuring out the daily 4 st8 2 weeks to a month ahead of time kept me studying and trying to narrow down the time frame and sets. So I came across lottery post from a mentor and realized that numbers travel when I saw all the state numbers on one page. So I started playing more states and still cost me too much money, because I would back test my numbers for one state and play those numbers in 8-10 states and it would fall a couple days later in another state so I started playing in all states too much money! So I knew I needed advice from a professional player. I lurked on lottery post and a guy praised your system so I purchased the legacy4, I won the next day! I recently purchased p4atm and 2tr8 and won the same night. Something that I wasnt able to do with my own strategy. I had many laugh at me saying I was crazy for believing in strategy and at times I questioned myself, but thanks to you Im confident that I will keep winning using strategy. Quinta R Quinta won \$4500 with my P4

ATM playing online.
