

# 29 and Counting : A Chicks Guide to Turning 30

Just when a woman learned how to wind her way through a life of temp jobs and commitment-phobic boyfriends, she has to face the biggest nightmare yet--turning 30. What with everything on that To Do Before 30 list still left undone and the biological clock ticking all too loudly, even the most sensible chicks come a little unglued when their fourth decade is upon them. Luckily, humor writer Julie Tilsner is here to help.

A Business Week editor who ditched New York City and a successful career for a kibbutz in Israel when the big day closed in on her, Tilsner recounts her experience and those of many other women in this pithy, insightful, and uproarious self-help book.
