

Shiah Women Transmitters of hadith

The book you are now studying is a collection about the women who have transmitted traditions in history with a short description of their biographies. Also included are some of their outstanding merits, quotes from scholars about them, who they have transmitted traditions from, and who transmitted traditions from them. It shows us the great number of women who have transmitted traditions and helped in conveying them to later generations. It is hoped this book can be a reference for further research on Muslim women.
