

The Midlife Launch

This book will help you make your dream a reality without having to give up more sleep, spend less time with the family or drastically change your current lifestyle. You will read stories of how the author and others have launched their dream at midlife while having similar fears. Two of the take-aways will be: 1) Its never too late and ii) you have most of the resources you need to get started. The ones you dont have, youll be informed on how to get them. You will also discover that the wisdom and experience youve gained, puts you at an advantage to successfully launch your dream than at any other time in your life.
