A tender, witty and down-to-earth collection of stories from women who will warm your hearts, tickle your funny bones and completely reshape your perspective on aging. This is clearly not your mamas mid-life experience. Today's boomer women have reshaped what it means to grow older and have given aging a whole new look. As these ladies proudly recount their personal journeys of self discovery, by challenging ideas and reinventing lifestyles, there is one central theme: at 40+ we truly come into our own in bold and exciting ways. Whether its wisdom or hot fl ashes we are saucier and more outspoken than ever before. The book started with just the women in mind. But after the ladies had their say, it was time for a males perspective. Just wait until you discover what men of all ages find most irresistible about women in their forties and beyond. Get ready to laugh, cry and celebrate your greatness with every delightful turn of the page.
