

## The Heart of a Legend

When Paulita Maxwell journeyed to the wild territory of Ft. Sumner, New Mexico in 1877, she had no idea that her life would be forever joined with the most celebrated outlaw of all time. William H. Bonney appeared like a phantom through the gap of El Capitan to save Paulita's life, and captured her young heart in the process. As Paulita guides you through a world at war, you will be swept up in the passionate danger played out so long ago against the exquisite backdrop of the Capitan Mountains. Their amazing tale will leave you aching for the love that was so close to changing the course of history and erasing the myth that remains.
